

AIC Visit of Agricultural University, Peshawar

On the invitation of Quality Enhancement Cell (QEC) of KPK Agricultural University, Peshawar, The NAEAC Secretariat has planned for AIC on-site visit of two departments of Livestock Management and Entomology during **first week of November, 2011**. Two Accreditation Inspection Committees (AICs), one each for Livestock Management and Entomology would be constituted from the Roster of Program Evaluators with the approval of Chairman NAEAC. The program of accreditation shall be finalized in consultation with HODs of host Institutions and communicated at least one week before the scheduled visit.

AIC Visit of IAGS Accomplished

As per annual work-plan the Council envisages the accreditation of 42 degree programs through on-site visits of 21 degree awarding departments by AICs during 2011-12. The on-site visit of Institute of Agricultural Sciences (IAGS), University of the Punjab, Lahore was planned from October 19-20, 2011 with mutual agreement of NAEAC Secretariat and the host institution. The Accreditation Inspection Committee (AICs) with two days visit consisted of Dr. Muhammad Arif Chohan and Dr. Muhammad Bashir subject experts and Mr. Naseer Alam Khabn Secretary NAEAC. The Committee had holistic review of the resources, facilities and critically reviewed the human, physical and financial resources earmarked for the degree programs. Detailed dialogues were organized with faculty members, students and support staff on various aspects of teaching-learning process. Participatory SWOT analysis facilitated delineation of actionable recommendations to build the capacity of human and physical resources of the institute to ensure enhancement of quality and standard of the degree programs.
